A bit about FOND & the Black Sea NGO Forum

- ▶ **The Romanian NGDO Platform - FOND** is a federation of 33 member organisations from Romania active in international development cooperation and humanitarian aid
- ▶ **Black Sea NGO Forum** - one of the most important initiatives of FOND, focusing on fostering regional cooperation among civil society organisations (CSOs) in the region and promoting dialogue among a variety of stakeholders
- ▶ 2 main strategic directions: creation of regional thematic networks & promoting enabling environment for CSOs in the Black Sea Region
- ▶ At the last edition, 12th-14th of November 2018 in Brussels, one of the main themes was CSO resilience

Why talk about CSO resilience?

- ▶ **RESILIENCE** - a very trendy concept now
- ▶ A lot of documents especially coming from the EU are talking about resilience, especially from a security stand point
- ▶ Civil society plays an important role in ensuring **society resilience** by promoting democratic values and the rule of law, holding governments accountable, ensuring public participation and working with communities
- ▶ What to do now when civil society space is shrinking? We must focus on ways to strengthen **CSO resilience** in the face of these attacks

How would a resilient CSO look like?

But how? Key issues identified by Black Sea NGO Forum participants
